Table of Contents

Chapter 1 – Introduction	1
Chapter 2 - Activity propagation along the visual cortical hierarchy during the emergence of awareness	17
Chapter 3 - Microstimulation of area V4 has little effect on spatial attention and on the perception of phosphenes evoked in area V1	47
Chapter 4 - Microstimulation in areas V1 and V4 of visual cortex reveals asymmetric feedforward and feedback influences in texture-segregation	69
Chapter 5 - Alpha and gamma oscillations characterize feedback and feedforward processing in monkey visual cortex	99
Chapter 6 – Discussion and conclusions	165
Summary	171
